hy acclamatiou:

which at the outset of his speech he proposed black and exhibiting him in various cities. in his announced and forthcoming policy of peace and without all of the present condition of our conumand adjointment?—that policy by which alone the Laion can be preserved. If the Border States ere try." They are, I, A "hroken Union," as a "darky" of a lion, though they are much the Housewere closed, and the Sergeant at-Arms rescued from the fascinations of the Cotton States, and the Cotton States themselves finally restored to their original position as members of the old Confederacy, what patriotic citizes will care who gate the patronage of the Government?

The "relations which Kentucky and those States which we appropried with her your her states which we appropried with her your her states." fact accomplished; 2, The "manner in which in the habit of making a lion of a "darky." States which are associated with her may be oblived to take." These are the great leading points in "reference" to which Mr. Breekinridge at the start acknowledged it to be his 'dnty" to "speak" his "opinions and sentiments" with "perfect plainness and freedom." Now, let us see how he has performed this ac-

knowledged duty. In "reference" to the first point, Mr. Breckinridge assumes that the Republican party hold that our government is a single symptoms are very strong upon ber. on-olidated Republic instead of a compound one, which assumption we shall notice at some future time, and asserts that the "theory" in question has been "carried into practice" and 'has broken this Union." He avers that the case between the North and the South is one of radical and destructive incompatibility of the government. This is Mr. Breckinndge's

Breckinridge says, in effect, that the Crittenden proposition, with the Powell amendment made perhaps "a little stronger", and pre the sented as an ultimatum, will restore the Union. f anything will, hut nothing will. Such is th sum and substance of what Mr. B. save on this point. This is the remedy he prescribes for

So much for the first and the second regint Now, what does Mr. Breckinridge say in ''reference" to the third point? Having avowed that the "theory" which he says "has broken this Union" will never be surrendered as a positive rule of administration, and having alleged virtually that the Union cannot be "restored. and those States which are associated with her may be obliged to take" or should take, in a brings into full view as an inevitable certainty? Having made the diagnosis of the case, and ad prescribed what he deems the only possible continuous prescribed what he deems the only possible remedy, what is his prognosis? Incredible as it may seem, he has none,—at any rate none of which he is willing to "speak plainly."

A continuous procession ordinances, a semilators, to propose such at the constitution as will secure the South peacefully and quiety in whereas, The timeral Assem for the election of delegates to State Convention, it is desired. After conducting the Union in his argument, dicate to that Co ne starts back appalled at his own conclusion. and, torgetting in his consternation the topics he set forth at the beginning, disowns the very Kentucky. core of his subject.
